

# FOR BUSINESS OWNERS ONLY

Does “Entrepreneurial Insomnia” keep you up at night?

Wonder if pursuing an “opportunity” is a good idea?

Tired of operating in a “vacuum”? It doesn’t have to be that way!

## **Fresh Perspectives & Diverse Experiences Deliver Bottom-Line Results For Entrepreneurs...** *for less than the cost of a large cup of coffee a day!*

**My BizBoard** is a group of 8-12 **non-competing business owners** who meet **once a month** for two hours to **share, learn, and support success**. Each meeting consists of a round-table discussion focusing on any topics members want to address, and the second half of the meeting is a “spotlight” on a specific member who will get an entire hour of the group’s attention and feedback. Each month features a different member addressing challenges and/or opportunities.

### **Benefits of My BizBoard:**

- The meetings get you away from the distractions of the office, so you can work **ON** your business instead of **IN** it.
- The collaborative spirit or “group think” helps you think “outside the box” and seize those “lightbulb” moments.
- The years of combined business experience and objectivity provide you with incredible “been-there-done-that” perspectives that would cost thousands of dollars with consultants and coaches.
- The intimate nature of the groups often results in business, but “networking” is not the priority.

### **Details:**

Once-a-month meeting. Just \$2.26 per day to invest in your business (\$69/month plus HST)...*can you afford not to?* Carolyn Touhey is the facilitator of each meeting.
